Tourism Promotion has become our special project during these uncertain times. Tourism is the world's largest industry. Prior to the pandemic, according to the National Travel and Tourism Week (NTTW) the travel industry was a powerful economic engine, supporting jobs and driving local economies in every pocket of America. The industry had experienced 107 straight months of growth, generated \$2.6 trillion in economic output, supported 17 million American jobs and delivered a \$51 billion trade surplus to the U.S.

Tourists to Kentucky spent \$11.8 billion in 2019, supporting a total of 95,803 jobs. The pandemic was brutal but tourism is getting better and expected to be near the 2019 level in 2023.

While Tourism bounced back strongly in 2022, driven by pent-up demand and the lifting of travel restrictions, the international travel remains 54.6% below pre-pandemic. The recovery is fragile with new uncertainties from the economic slowdown & geopolitical instability.

The Multicultural Communities within Kentucky and throughout the world have always been instrumental in increasing Tourism Revenues for Kentucky, for employment and our economic growth. Let's work together to help each other.
