Tourism Promotion has become our special project during these uncertain times. Tourism is the world's largest industry. Prior to the pandemic, according to the National Travel and Tourism Week (NTTW) the travel industry was a powerful economic engine, supporting jobs and driving local economies in every pocket of America. The industry had experienced 107 straight months of growth, generated \$2.6 trillion in economic output, supported 17 million American jobs and delivered a \$51 billion trade surplus to the U.S.

Tourism is one of Montana's leading industries. It suffered significantly due to COVID-19, with \$3.14 billion

tourism spending in 2020, a decrease of 16.5% from 2019 and 12% decrease in tourist visiting Montana, resulting in heavy unemployment in the tourism industry.

While Tourism bounced back strongly in 2022, driven by pent-up demand and the lifting of travel restrictions, the international travel remains 54.6% below pre-pandemic. The recovery is fragile with new uncertainties from the economic slowdown & geopolitical instability.

The Multicultural Communities within Montana and throughout the world have always been instrumental in increasing Tourism Revenues for Montana, for employment and our economic growth. Let's work together to help each other.
