Tourism Promotion has become our special project during these uncertain times. Tourism is the world's largest industry. Prior to the pandemic, according to the National Travel and Tourism Week (NTTW) the travel industry was a powerful economic engine, supporting jobs and driving local economies in every pocket of America. The industry had experienced 107 straight months of growth, generated \$2.6 trillion in economic output, supported 17 million American jobs and delivered a \$51 billion trade surplus to the U.S.

North Carolina revenues from Tourism, which normally employs 230,000 people, dropped by 37.7 per cent from 2019 to \$19.9 billion in 2020, due to COVID-19, causing significant unemployment.

While Tourism bounced back strongly in 2022, driven by pent-up demand and the lifting of travel restrictions, the international travel remains 54.6% below pre-pandemic. The recovery is fragile with new uncertainties from the economic slowdown & geopolitical instability.

The Multicultural Communities within North Carolina and throughout the world have always been instrumental in increasing Tourism Revenues for North Carolina, for employment and our economic growth. Let's work together to help each other.
