Tourism Promotion has become our special project during these uncertain times. Tourism is the world's largest industry. Prior to the pandemic, according to the National Travel and Tourism Week (NTTW) the travel industry was a powerful economic engine, supporting jobs and driving local economies in every pocket of America. The industry had experienced 107 straight months of growth, generated \$2.6 trillion in economic output, supported 17 million American jobs and delivered a \$51 billion trade surplus to the U.S.

In 2019, 211 million U.S. and international visitors spent a combined total of \$46 billion in Pennsylvania. In 2020, an estimated 152 million travelers spent \$29 billion in Pennsylvania. The COVID-19 pandemic had a direct and

significant negative impact on travel and tourism in Pennsylvania in 2020, with visitation falling 28% and traveler spending declining by an even larger 37%.

While Tourism bounced back strongly in 2022, driven by pent-up demand and the lifting of travel restrictions, the international travel remains 54.6% below pre-pandemic. The recovery is fragile with new uncertainties from the economic slowdown & geopolitical instability.

The Multicultural Communities within Pennsylvania and throughout the world have always been instrumental in increasing Tourism Revenues for Pennsylvania, for employment and our economic growth. Let's work together to help each other.
