Tourism Promotion has become our special project during these uncertain times. Tourism is the world's largest industry. Prior to the pandemic, according to the National Travel and Tourism Week (NTTW) the travel industry was a powerful economic engine, supporting jobs and driving local economies in every pocket of America. The industry had experienced 107 straight months of growth, generated \$2.6 trillion in economic output, supported 17 million American jobs and delivered a \$51 billion trade surplus to the U.S.

Tourism is the second largest industry in Tennessee. It shattered records with \$23 Billion in Travel Spending and 126 Million

Domestic Person Stays in 2019, but COVID-19 shattered Tennessee tourism which generated only \$16.8 billion in domestic and international travel spending in 2020, a 31.6 percent decline from the previous year.

While Tourism bounced back strongly in 2022, driven by pent-up demand and the lifting of travel restrictions, the international travel remains 54.6% below pre-pandemic. The recovery is fragile with new uncertainties from the economic slowdown & geopolitical instability.

The Multicultural Communities within Tennessee and throughout the world have always been instrumental in increasing Tourism Revenues for Tennessee, for employment and our economic growth. Let's work together to help each other.
