**Tourism Promotion** has become our special project during these uncertain times. Tourism is the world's largest industry. Prior to the pandemic, according to the National Travel and Tourism Week (NTTW) the travel industry was a powerful economic engine, supporting jobs and driving local economies in every pocket of America. The industry had experienced 107 straight months of growth, generated \$2.6 trillion in economic output, supported 17 million American jobs and delivered a \$51 billion trade surplus to the U.S.

Wyoming's travel economy declined by about 23% in 2020 as COVID-19 impacted tourism across the United

States. In the Cowboy State, that meant travelers spent about \$900 million less than the \$3.95 billion they spent in Wyoming in 2019, according to a 2020 Economic Impact of Travel in Wyoming report.

While Tourism bounced back strongly in 2022, driven by pent-up demand and the lifting of travel restrictions, the international travel remains 54.6% below pre-pandemic. The recovery is fragile with new uncertainties from the economic slowdown & geopolitical instability.

The Multicultural Communities within Wyoming and throughout the world have always been instrumental in increasing Tourism Revenues for Wyoming, for employment and our economic growth. Let’s work together to help each other.
